

# Windsor First Baptist Church HELPS Ministry Request Form

The HELPS ministry is an opportunity for the men and women of our Church to serve others by using the special gifts and talents God has given them to minister to people in our congregation as described in 1 John 4:10-“Each one should use whatever gift he has received to serve others.”

The HELPS ministry is designed to provide assistance with the many day-to-day household and automotive challenges people in our congregation face. Those among our body who have needs are invited to submit this request form for assistance. Problems can include emergency type situations such as a sudden water line break, washer or dryer malfunction, automotive breakdown, or a matter in need of action but not an emergency such as yard pruning or upkeep. Before you submit your request for aid, please consider the following:

- The HELPS ministry is for regular attendees of First Baptist Church.
- Those requesting assistance should be those who are unable to do the work themselves or don't have others in their immediate family that can assist.
- The HELPS team members are strictly volunteers who are doing this because of their desire to serve God and those in our Church and do not provide any warranty or guarantee for their work or suggestions.
- The HELPS team provides their time and labor on a volunteer basis but we do not provide any supplies or parts that may be needed to complete the job. The cost of these items will be the responsibility of those requesting assistance.
